Kazakhstan smart energy solutions srl

Energy Solution is a young company, which has been founded in 2013 by a small but enthusiastic and perseverent group of people that are fond of the art of beer and decided to bring their passion to Moldova.

study Empowering Kazakhstan"s Energy Future through Smart Technologies as of February 2024. The study is an adaptation of the Strategy& Study Watts the plan?, which discusses the implementation of digital business models (DBMs) for energy utilities. We have looked at possibilities of DBMs implementation in the context of Kazakhstan, and what ...

We serve our customers from multiple centers across the Middle East and Africa, where our solutions range from standalone low-voltage generator hire, powering events, and concerts to multi-MW medium-voltage power plants in remote areas operating 24/7.
