Talk to one of our consultants today.

ALFA Group, in collaboration with cutting-edge technologies like Plasma Arc and Plasma Gasification, operates a pioneering waste-to-energy (WTE) solutions company dedicated to addressing the world's energy and pollution challenges.

As an energy and sustainability consultancy, we are working with some of the largest UK emitters to establish their net zero carbon emissions, providing data infrastructures to capture, analyse, and report on data and establishing a carbon footprint, through to initial strategy development, target-setting, and the later frameworks to create the roadmap to achieving this ambition.
