Who is American energy storage innovations (AeSI)?

Given the enormity of the opportunity, the division becomes a free-standing company, American Energy Storage Innovations, Inc. AESI comprises highly experienced core team members who have developed five generations of large-scale BESS systems, heretofore having deployed more than 1.5 GWh worldwide.

What makes AeSI different from other energy storage integrators?

AESI designs and engineers all its energy storage products starting with the industry standard LFP cells upward, unlike integrators that buy modules and/or racks of modules from others and attempt to package them into a system, AESI starts with the cells and designs the optimum system around them.

What is AeSI TeraStor?

AESI comprises highly experienced core team members who have developed five generations of large-scale BESS systems, heretofore having deployed more than 1.5 GWh worldwide. That same team has come together once again to create their magnum opus -- the all-in-one, ultra-high density TeraStor.

AESI tops the list of the "10 Most Influential Companies of 2024" and our own CEO, Bud Collins, is featured on the cover! https://hubs.ly/Q02XN_SP0 Read about AESI's journey from a bold spin-out to an industry leader, powered by TeraStor -- the ...

[BOSTON, MA, May 25, 2023] - American Battery Solutions, Inc.'s Energy Storage Solutions division (ABS ESS), manufacturer of the ultra-high-density TeraStor(TM) lithium-ion battery energy storage platform, today announced the successful completion of 9540A module-level testing by ESRG and FRA.

American Energy Storage Innovations, Inc. (AESI) is a pioneering provider of advanced energy storage solutions. The company designs, develops and manufactures cutting-edge systems, ...

ABS manufactures energy storage solutions for the ESS and EV sectors. Image: Company stand at Work Truck Week, via American Battery Solutions Twitter. American Battery Solutions has partnered with lithium-ion battery manufacturer Eve Energy to procure 5GWh of LFP lithium-ion cells a year for its TeraStor platform.
