

Will Belize Electricity compensate you for excess solar energy?

The hope is that through regulations, Belize Electricity Ltd will have to compensate you for excess solar energy flowing to the grid during the day and off-set it against the electricity you are drawing from the grid at night; however, the reality today is the opposite.

Who is Sun's Electric?

Sun's Electric, with over 18 years experience offers design, installation, monitoring, maintenance, and repair of grid tied and off grid solar PV systems by a licensed electrician. In Belize from a concept to a reality, our solar electrical systems are designed and backed by 18 years of industry experience.

Does SESB offer solar air conditioners?

With an SESB grid-tie solar system all your household appliances, including your air conditioner, are powered by solar during the day. SESB does not provide solar powered air conditioners. Will it make sense to disconnect from BEL grid and go completely solar off-grid?
