This will bring SBC's total installed solar power capacity to 12MW, making it Nigeria's largest industrial manufacturer to power its operations with solar energy. In 2021, SBC partnered with Daystar Power ("Daystar") to design, operate and manage nearly 1.5MW solar power systems at two of its bottling plants. Daystar installed 450kW and ...

Solar power is clean, affordable, and reliable. Solar energy prices are plummeting at an unprecedented pace. African businesses, which relied on polluting diesel generators or finicky and expensive grid power, no longer have to choose between necessary energy and sustainability.

Renewable energy emerges as a viable solution, promising to offer stability to power grids across Nigeria and the broader Sub-Saharan region. With the escalating energy crisis, businesses with high energy demands are urged to consider renewables as diesel costs soar beyond 700 to 800 naira per liter, making it unsustainable in the long run. ?
