

Will solx be able to build a solar panel factory in Puerto Rico?

Solx has signed a 10-year lease with potential extensions on the 150,000-ft² building on HP's 65-acre campus. The company is investing \$20 million into the facility to get it ready for panel manufacturing. Siting a panel manufacturer in Puerto Rico was always the goal for Solx.

Does Puerto Rico have a solar market?

A lot of attention is paid to Puerto Rico's residential solar and storage market, but large-scale projects have recently seen a boost of their own. The Dept. of Energy's Loan Programs Office is financing \$861 million of a 200-MW solar and 1,140-MWh storage portfolio in the southeast portion of the island.

What is the Puerto Rico energy Resilience Fund?

The President authorized \$1 billion for the establishment of the Puerto Rico Energy Resilience Fund in 2022 to drive investments in renewable and resilient energy infrastructure on the island. A community benefits plan required by DOE "is being finalized and will be released to the public soon," the agency said.

Who is developing Puerto Rico's energy grid?

Development is led by Clean Flexible Energy, an indirect subsidiary of AES Corp. and TotalEnergies Holdings USA. A conditional loan guarantee was announced for the project in July. Puerto Rico is aiming to eliminate coal-fired energy generation by 2028 and develop a 100% renewable energy grid by 2050.

Will a contract solar panel assembly facility open in Puerto Rico?

A contract solar panel assembly facility will soon open in Aguadilla, Puerto Rico, that will supply the utility-scale market on the island and hopefully the greater market on the U.S. mainland. Aguadilla, Puerto Rico. Credit: U.S. Corps of Engineers

How much money does Puerto Rico have to pay for solar?

Up to \$190 million is available to Puerto Rico's Housing Administration and a private company to pay for solar and battery installations in public housing common areas and subsidized, multifamily housing properties. Another \$175 million is available for certain healthcare and dialysis centers.

The Puerto Rico Electric Power Authority (PREPA) has embarked on a plan to develop new utility-scale solar energy, as mandated by the Puerto Rico Energy Bureau. Although initiated in 2020, no solar power generation has been installed under the utility-scale plan to date. The effort has been hampered by poor management and cost pressures.

SAN JUAN, P.R. - Today, the Puerto Rico Office of Management and Budget was selected to receive \$156.1 million from the U.S. Environmental Protection Agency through the Solar for All grant program. The funding will be leveraged to develop long-lasting solar programs that enable low-income and disadvantaged
