

Is givenergy a good battery?

Please check with Givenergy for details. The third generation of the GivEnergy 5.12kWh battery is more efficient than ever before. As well as its new smaller size and lower weight, the Giv-Bat 5.12 comes with higher capacity plus 100% depth of discharge. The product also boasts maximum versatility.

Does givenergy sell a half-price inverter?

With every purchase of a low-voltage GivEnergy battery, we'll sell the inverter at half price. Your half-price inverter will come when you buy it with one of our low-voltage residential batteries. So, that gives you a choice over a great selection of differently sized products to suit your home.

Who is givenergy?

GivEnergy is a British-owned battery storage manufacturer with the ethos: use less, save more. Aiming to help the environment by leaving behind a clean legacy, GivEnergy create products that are designed to save money on electricity bills while optimising efficiency. Something not quite right?

Does givenergy offer a discount?

As such, the installer should pass on the discount to their customer. GivEnergy reserves the right to amend these terms at any time. Cut your energy bills this winter with our half-price inverter offer. Buy a selected battery, and get a 50% discount on its inverter.

What is the givenergy all-in-one system?

The GivEnergy All in One system 13.5kWh combines ground-breaking battery and inverter technologies within one product - providing the ultimate in smart energy management. The All-in-One system is capable of supplying an additional 7.2kW of peak power to the household.

Can I install givenergy without training?

You must be an approved GivEnergy installer to install GivEnergy products. You will not be able to commission this system without having attended GivEnergy Installer training. Please check with Givenergy for details. The third generation of the GivEnergy 5.12kWh battery is more efficient than ever before.

GivEnergy designed the battery to ensure retrofit compatibility, meaning the unit can be incorporated into an existing system for optimum convenience. This product is subject to a £150 ex VAT delivery charge up to 4 identical units. This is due to being transported by pallet. This can take up to 48 hours, but is usually next working day.
