

Who is greener power solutions?

We are Greener Power Solutions. A pioneer in the temporary energy market and the fastest-growing energytech in Europe. Our mission is to provide emission-free energy everywhere. That way, we accelerate the transition from fossil fuels to sustainable energy sources and enable organizations to take action towards a greener future.

How does greener provide the power supply?

Last year, Greener provided the power supply through battery swapping: shuttling a battery back and forth to the festival site to discharge into an on-site battery, thus creating an energy supply even without a grid connection. This year, we expanded on that and brought some brand new innovations.
