

Hinen 7.7kWh high voltage battery module is the battery part of Pro series and compatible with 12kW Three-phase Hybrid Inverter. It offers a wide capacity range from 7.7kWh to 23.3kWh. Stackable plug-and-play design make it easy to install. Reliable LFP battery cell with 5-layer protection ensures maximum safety.

Hinen home batteries utilize rechargeable lithium iron phosphate batteries(LFP), equipped with 5-layer battery protection for top-tier safety and reliability. They come in various types such as low-voltage/high-voltage, wall-mounted/floor ...

Hinen H6000s is a 6kW single-phase hybrid inverter which designed for solar systems, integrating PV, battery, loads, and grid for efficient energy management. It optimizes household energy use, charges the battery with excess power, and can export surplus energy to the grid. Hinen H6000s is a 6kW single-phase hybrid inverter which designed for ...

Hinen has developed a revolutionary inverter and battery system that can provide a feasible solution, taking into account different options that work best with your exact demands. Continuous power supply will be guaranteed with the quality power system, and energy-saving opportunities and a greener future will also be explored.

Hinen attaches great importance to the user's experience. And we hope that our professionalism and dedication can make customers feel at ease. ... Energy storage Battery. B5000, BH7700-H. 10 years. On-site repair or complete machine replacement, faulty product return to Hinen. Provide remote technical services.

Hinen's A Series is an all-in-one energy storage solution, integrating inverter, battery modules, control box and battery management system. The battery stack design features plug-in connections, saving 50% of installation time. With a slim profile of 180mm thickness and IP65 protection rating, it can be mounted indoors and outdoors.

Power your adventures with Hinen 3000W portable power station. Enjoy fast 1.7-hour charging, a long-lasting LiFePO4 battery with 4000 cycles, and expandable capacity up to 17.5kWh. Ideal for outdoor adventures and emergency backup!

We've teamed up with Powow Energy to launch VPP technology across Australia! Our powerful Hinen H5000s 5kW Single-phase Hybrid Inverter, boasting an impressive 200% PV input capability, alongside our flexible Hinen B5000 5kWh Low-voltage Battery (expandable from 5kWh to 30kWh), is at the heart of these projects.Thanks to Clean Power ...

Choosing Hinen means selecting a safe, reliable, and intelligent home energy storage solution. About Hinen. Hinen Group, founded in 2004, is a listed electronics company (stock code 300787) known for its ...

It's specifically designed for Hinen 6kW Single-phase Hybrid Solar Inverter & 6kW Off-grid Solar Inverter. It adopts LiFePO4 battery of high quality and security. With up to 6 units in parallel, it has a large scalability of 30kWh. The system can be compatible with main brand inverters due to its multiple protocols.

Hinen A5000s is a 5kW single-phase inverter and all-in-one residential energy storage system. It can be paired with up to two 7.77kWh batteries for a total capacity of 15.54kWh. ... Inverter parallel function, up to 6 units; battery parallel function, up to 6 clusters per inverter; Stackable integrated design, plug & play, no additional cable ...

Hinen H6000s is a 6kW single-phase hybrid inverter which designed for solar systems, integrating PV, battery, loads, and grid for efficient energy management. It optimizes household energy use, charges the battery with excess power, ...

Hinen's Product Highlights: - H5000s Inverter: A 5kW single-phase hybrid inverter with 200% oversizing capability for maximized solar harnessing. - B5000 Battery: A 5kWh low-voltage battery with comprehensive safety features, including temperature monitoring and intelligent BMS control. - H12000t Inverter: A 12kW three-phase inverter that accommodates ...

Hinen 5kWh Modular Low-voltage Battery System is specifically designed for 6kW Single-phase Hybrid solar Inverter & 6kW Off-grid solar Inverter. A single cluster can connect up to 4 batteries in parallel and up to 5 clusters in parallel to expand the capacity and power of the eneystorage stem to 100kWh.
