

What types of batteries does SEC manufacture?

SEC manufactures reliable AGM batteries that will exceed all your desired performance standards. As expert battery manufacturers, SEC offers cutting-edge, deep-cycle, VRLA, AGM and Gel battery technology. We also have Lithium, Lead Acid and Ni-Cad batteries to meet the large-scale, specialist needs of industrial power users.

Why did SEC move away from batteries?

A focus shift in the business started to happen. SEC moved away from supplying only batteries to providing larger organisations with complete energy storage solutions. The company won a major contract to outfit the Saudi Bahrain Causeway with SEC solar lighting systems that are still in use today.

Why did SEC reopen a battery factory?

The SEC factory remained open long after many other factory closures prevented battery production. Despite the crisis in China, SEC European sales soared to record levels. The company began to navigate extremely tough trading conditions caused by the industrial crisis.

While they haven't done so yet, the purchase of low-carbon battery storage being approved for the first time speaks to a measure of commitment that will relieve many in the industry. At SEC we know the benefits of energy storage go beyond the environment.

SEC Industrial Battery Company provides safe, reliable power solutions worldwide. SEC's high quality Industrial Batteries and related products, together with our Service record, Engineering, Installation, testing, and maintenance ...

The Microlyte MRT AGM battery is a premium product in the mainstream VRLA monobloc market. High tin plates mean a long float life product with a renowned cycling ability. Add in great high rate performance and you have a product that ...

Asia-based battery producers set to profit . With the global market for energy storage in the telecom sector expected to grow 10.7% in 2017, it will be interesting to see which country can produce Telecom batteries for the most competitive rate and take hold of this sector.. It's rumoured that nationalism could render the industry unrewarding for some with several big ...

The SEC Group was founded in 1977 and is a leader in the energy storage industry with corporate facilities across the world. But as SEC Battery reflects on modern times, and the evolution of technology, we can't help looking back to where it began. With ...

The ML is compact, robust and incredibly reliable. Constructed with world-class LiFePO4 cathode materials,

it's extremely effective in a wide temperature range. The small volume and high charge/discharge rate offer stability and energy density.

The project is the largest off-grid solar PV hybrid power project with battery storage system in Iraq. The plant consists of 2.5MW solar PV panels, 2.5MWh battery energy storage system, ...

SEC battery has a wide Gel battery range and specialises in supplying energy storage for the motive and leisure sectors. Get in touch with us today! ... Industrial standby . Oil & Gas . Medical . Grid services ...

SEC is in an innovative, expanding company in the fast growing global industrial battery marketplace. The opportunities are immense because the switch to renewable is creating an accelerated boom in the demand for industrial batteries for energy storage. We are looking for three driven and enthusiastic sales people who are ready to grow our ...

SEC batteries are designed to excel under the demanding and dynamic conditions faced by telecom service providers. Our rack-mounted batteries use an innovative plate design for a combination of extreme reliability in harsh conditions, low maintenance, and long life. SEC has designed several ranges specifically for telecom operators.

The SEC Polycell Solar series is ideal for residential, commercial or utility solar projects. A performance efficiency of up to 16.6% combined with low whole system costs, give you an excellent price to performance ratio, and a fast return on investment.

SEC battery supplies agents and purchasers in the medical sector with a range of energy storage. Buy a long-lasting, quality 6-12V battery from SEC today. ... SEC industrial batteries provide reliable power when failure is not an option . Enquire. ...

sec????????1977????????,????????????????,???????????????????? SEC????????????????,? ...

At SEC Industrial battery company we recommend that you choose energy storage products which are specific to the application you're powering. Yes, golf cart batteries are durable but... Golf cart batteries are being touted in the media as extremely versatile and even suitable for powering off-grid homes and cabins.

The NicaCell flooded series is crafted using our well-proven pocket plate design, making it perfect for extreme applications. These NiCad cells will do the job when no other product can withstand your temperature, maintenance, deep discharge or lifespan requirements.

Click through to find out the details of this Hong Kong based role leading the team at SEC Battery. ... Industrial Battery Sales / Indonesia. We're looking for sales staff with a passion for energy storage. Industrial sales jobs don't get more exciting than this, so read on if you're ready to connect with a solid future in this fast ...
