

Who is BST battery & energy solution provider in China?

After years of growth, BST has become one of the leading battery and energy solution providers in China. BST has been devoted to renewable energy development to build a cleaner, more harmonious and sustainable energy world.

Are BST batteries safe?

For over 20 years, BST's longer-lasting batteries and systems have provided critical safety applications, back-up power and propulsion for our customers. As a leading battery company, BST's innovative, safe, and reliable technology delivers high performance on Battery Energy Storage Systems and Battery Cells.

What services does BST offer?

Today, we offer various services from customization of our standard battery pack line to one-stop BESS solutions. For over 20 years, BST's longer-lasting batteries and systems have provided critical safety applications, back-up power and propulsion for our customers.

Why should you choose BST?

As a leading battery company, BST's innovative, safe, and reliable technology delivers high performance on Battery Energy Storage Systems and Battery Cells. Storing renewable energy so that it can be used not only when produced, but when it is needed, is one of the greatest barriers to the clean energy transition.

What makes BST a good company?

BST believes that individual people have the most important role in the whole teamwork, we continue to train our technicians and recruit professional experts in battery technology field. With more than 1000 employees in which more than 200 are technical engineers, BST factories cover an area of more than square meters.

BST Power is one of the most professional telecom battery and emergency light battery manufacturers and suppliers in China for over 15 years. Our factory offers high quality products made in China with competitive price. Welcome to contact us for customized service.
