The most popular island group of the Caribbean, the British Virgin Islands are a go-to destination for new charterers and old salts alike. First-time yachters love the easy navigation, moderate winds and plentiful marinas, while experienced sailors return for the lively beach bars, secluded anchorages, and over 50 pristine islands with sublime snorkeling and diving.

From its initial start as private/public autonomous and individual producers of electricity, the government owned public electricity supply was established in the 1950's. At that time, the BVI's main source of electricity was produced by one 20 KW generator, which provided six hours of service per day and supplied 63 consumers between Government house and...
