

Does Generac have a home standby generator?

Generac's 26kW home standby generator can start all of your home's large appliances, ensuring your home remains a sanctuary for you and your family. Try again! Try again! Try again! Try again! Try again!

How does the Generac Guardian series work?

Connected to your existing LP or natural gas fuel supply, it starts within seconds of sensing power loss - automatically - and runs for as long as necessary until utility power returns. Choose from just enough power to cover essential circuits or whole house coverage. Generac's Guardian Series offers benefits that few competitors can match.

What makes Generac a reliable generator?

Innovative engine design and rigorous testing are at the heart of Generac's success in providing the most reliable generators possible. Generac's G-force engine is purpose-built, capable of handling the rigors of generator use, resulting in power that is more reliable and requires less maintenance than any competitive engine.

What is a Generac G-Force engine?

Generac's G-force engine is purpose-built, capable of handling the rigors of generator use, resulting in power that is more reliable and requires less maintenance than any competitive engine. All backed by 24/7/365 customer support and a nationwide dealer network of more than 5,000 strong, the best in the market.
