Lamprell is a leading contractor in the Arabian Gulf, providing specialist services to the offshore and onshore oil and gas and renewable energy industry. Products/Services overview The principal markets in which Lamprell operates are: - New build design and construction of jack up rigs, lift boats and tender barges.

The Moray West offshore wind farm, nestled in the Moray Firth, Scotland, is a symbol of the global shift towards sustainable energy. Owned principally by Ocean Winds, with a minority stake by UAB Ignitis renewables, Moray West is integral to Scotland's renewable energy aspirations and its journey to Net Zero carbon emissions.

Lamprell's contribution to the energy transition. Since entering the offshore wind market in 2007, Lamprell has become a key player by delivering essential infrastructure, including transition pieces and various types of foundations for UK offshore wind farms.

The strength of the market is reflected in the significant increase in the Lamprell's Renewables bid pipeline year on year, with further growth expected. Climate change is a major driver for the energy transition and Lamprell is well placed to take advantage of these many new prospects.

The projects Lamprell is delivering are being fabricated for utilization in the Middle East, underscoring Lamprell's commitment to delivering high-quality infrastructure in the region. A total of six projects have been either completed or are in progress at Lamprell's Hamriyah facility, with deliveries occurring steadily.

Lamprell plc, based in the United Arab Emirates, specialises in construction and fabrication, servicing both the Renewables and Oil & Gas industries. It builds wind turbine foundations as well as shallow-water drilling jackup rigs, liftboats and land rigs, and it also carries out rig refurbishment. In 2021 the company added a Digital business unit servicing not only the renewables and oil & gas sectors b...
