Request information. Literature. Download. Contacts. Via delle Industrie, 25 - 24048 Treviolo (BG) - Italy

The TC series of thermostatically controlled cabinets is used for continuous temperature control over a range of 2 to 40 °C. This makes them ideal for a wide range of different applications in industrial and research laboratories. In particular they are ideal for the temperature controlled storage of samples or BOD determination in effluent analysis work. Devices such as magnetic ...

Manufacturers claim that a 10 °C increase of temperature above the maximum allowable temperature cuts device lifespan in half. The consequences are increased downtime, frequent maintenance cycles and a

high expenditure. ...

Arianys Coffee Bar Cabinet with Power Outlet, 54" ; Wine Bar Cabinet with Storage, Farmhouse Buffet Cabinet, Kitchen Buffet Cabinet with Drawers, Sliding Barn Doors by Gracie Oaks \$233.99 \$267.99

Ensuring Sterile Storage Conditions. Sterile storage cabinets offer optimal conditions for storing goods to maintain their existing level of cleanliness after they undergo sterilization or while they are in their original sealed packaging. Look for cabinets that offer the following: Flexibility; Temperature and Humidity control

Humidity Cabinet (Humidity Controlled Oven) Temperature Humidity Control Cabinets Digitally Controlled: (without cooling) Double wall construction. Inner chamber made of stainless steel & outer of M. S. painted. Temperature range ...

Here's a construction picture of my cold-season ferm cabinet, along with the 100W resistor heater array I built from parts on hand. The cabinet was designed to hold fermenters on the left side (the shelves on the left are adjustable and one can be removed for a pair of 6.5g carboys) along with four cases of bottles in full-extension drawers for conditioning, ...

Ensuring Sterile Storage Conditions. Sterile storage cabinets offer optimal conditions for storing goods to maintain their existing level of cleanliness after they undergo sterilization or while they are in their original sealed packaging. ...

C313-01N Temperature and humidity controlled cabinet, 1200 litres capacity (Aggregates-Rocks Concrete) EN 1367-1; Used for speed drying purposes, moisture determination, and conditioning. Similar to the C313N model, but with an internal capacity of 1200 litres. Internal ventilation and two front doors with 180° opening angle. ...
