

Why do we need solar panels in Montserrat?

The use of Solar Panels meets one of the Governments priority needs which is to improve energy security by slowly transitioning to renewable energy. The incorporation of Solar into the Grid on Montserrat, resulted in a 13% renewable energy input on the grid, which is 3% above the European Union's key performance indicator (KPI) of 10% .

Who has installed a 250kW solar PV project in Montserrat?

The awarding of a contract to Salt Energy Company for the installation of a 250KW Solar PV Project in 2018 as the first phase 250KW Solar photovoltaic (PV) Project. The solar PV system was successfully installed and commissioned by the Salt Energy Company and handed over to the Government of Montserrat in March of 2019.

Can Montserrat become a net energy exporter?

According to the Energy Task Force Report, "Montserrat has the potential to emerge as a net energy exporter through the aggressive development of its geothermal resources." A significant barrier highlighted in the 129-page document, is the lack of financing for project implementation.

Should Montserrat choose two energy futures?

"Montserrat must choose between two energy futures. Currently, imported fossil fuels provide 99.4 percent of Montserrat's energy needs.

What is Montserrat's energy policy?

The first Energy Policy was approved in 2008 by the Government of Montserrat. The policy was then revised and updated in 2016 to include Government incentives and to update the policy with appropriate targets. The new Energy Policy (The Power to Change) that is currently being implemented runs from 2016 to 2030. Progress made so far includes: -

What is Montserrat Utilities Limited?

Montserrat Utilities Limited (MUL) is the entity that was formed through the merger of the existing electricity (MONLEC) and water (MWA) utility companies. After the merger's completion, MUL acquired all of the assets, liabilities, duties, and privileges of the predecessor organisations and began operating under new legislation (The Utility Act).
