

Who is Nordic solar?

At Nordic Solar, we specialise in the development, construction and operation of utility-scale solar parks across Europe through collective investment in advancing the energy transition towards a brighter future. Our core expertise lies in the development, construction, and operation of utility-scale solar parks.

Why should you choose Nordic solar?

Discover Nordic Solar's commitment to clean energy solutions. From developing and constructing utility-scale solar parks to divesting operational projects, we manage the entire value chain. Explore our strategic focus on eg. greenfield projects, contributing to the energy transition. Join us on a journey towards a more sustainable future.

What is the difference between Nordic Solar Global & Nordic solar management?

While the former Nordic Solar Energy invested exclusively in active and established solar parks, Nordic Solar Global held a strong portfolio of construction projects and solar parks under development. Nordic Solar Management, on the other hand, was responsible for identifying and creating investment opportunities for the two investment companies.

How much money does Nordic solar make a year?

The merged Nordic Solar A/S has a balance sheet total of EUR 535 million, generates revenue of EUR 40 million a year and has operations in 10 European countries. According to Christian Sagild, Chairman of the Board, the merger of the three companies is important to the high growth ambitions of Nordic Solar:

Why did Nordic solar merge?

Nordic Solar merges its two investment companies and its management company into one joint public limited company. The merger will create the growth platform needed to fulfil the ambition of becoming the Nordic region's leading solar energy company.

Nordic Solar's Annual General Meeting 2024 will be held on Wednesday 24 April 2024 at 16.00 CET at Nordic Solar A/S, Strandvejen 104B, 2900 Hellerup, Denmark.
