

Panoro Energy ASA (PESAF) has released an update. Panoro Energy ASA has successfully commenced production from the C-45 infill well in Block G, Equatorial Guinea, with initial output exceeding ...

How has Equatorial Guinea's energy sector become a more attractive destination for foreign investment? It is simple, the hydrocarbons sector contributes 90 percent of Equatorial Guinea's GDP and with that in mind, to drive economic growth, we have focused on creating an enabling environment for industry players. Through licensing rounds and ...

OSLO, April 4, 2024 - Oslo-listed Panoro Energy has reached an agreement with the government of Equatorial Guinea on the key terms and conditions for the award of offshore Block EG-23, ...

Alen Gas Monetisation Project. The Alen gas monetisation project, located offshore Equatorial Guinea, produced the first gas in February 2021. Noble Energy, which was acquired by Chevron in October 2020, is the ...

Otoro Energy's flow battery technology utilizes a proprietary metal chelate electrolyte that is non-corrosive, non-toxic, and non-flammable. This scalable, abundant, and domestically sourced solution offers high power and efficiency, enabling long-duration energy storage to enhance renewable integration and grid stability. Leveraging off-the ...

Panoro Energy ASA announced the completion of its 2024 drilling campaign in Equatorial Guinea, with mixed results. While the Akeng Deep well in Block S did not yield a commercial discovery, it ...

Panoro Energy CEO John Hamilton said, "The award of a PSC for Block EG-23, when finalized, will be a complementary expansion of our existing acreage portfolio in Equatorial Guinea. We look forward to partnering with GEPetrol to leverage our collective core subsurface skill sets, increasing our exposure to a broad range of play types ...

Otoro develops a safe, reliable, and cost-effective flow battery system to store energy. Otoro Energy has developed a new flow battery chemistry that is safe, low-cost, and high-performance will strengthen grid resiliency and expand renewable energy deployment by providing long-duration energy storage in any location.

Otoro Energy develops chemistry for a new flow battery used to store energy for the electric grid. The battery chemistry uses abundant minerals and materials that can be sourced and manufactured in the United States. The battery system provides an opportunity for the U.S. to own high impact battery technology and claim a leadership position in ...

Otoro Energy General Information Description. Developer of a proprietary flow battery technology designed for grid-scale stationary energy storage. The company's technology utilizes a proprietary metal chelate electrolyte that is non-corrosive, non-toxic and non-flammable to strengthen grid resiliency and expand renewable energy deployment, enabling clients to avail of long-duration ...

Panoro Energy has confirmed that drilling of the S-6 ("Akeng Deep") exploration well at Block S offshore Equatorial Guinea has concluded. The well was drilled to a total vertical depth of approx. 4,030 metres and encountered oil zones in the Upper Albian which, following evaluation of all data gathered, is deemed sub-commercial by the partners. Panoro holds a 12 ...

Oslo, 29 November 2024 - Panoro Energy ASA ("Panoro" or the "Company") can confirm that drilling of the S-6 ("Akeng Deep") exploration well at Block S offshore Equatorial Guinea has concluded. The well was drilled to a total vertical depth of approximately 4,030 metres and encountered oil zones in the Upper Albian which, following evaluation of all data gathered, is ...

Guinea: Energy intensity: how much energy does it use per unit of GDP? Click to open interactive version. Energy is a large contributor to CO₂ - the burning of fossil fuels accounts for around three-quarters of global greenhouse gas ...

Energy Balance: total and per energy. Equatorial Guinea Energy Prices: In addition to the analysis provided on the report we also provided a data set which includes historical details on the Equatorial Guinea energy prices for the follow items: price of premium gasoline (taxes incl.), price of diesel (taxes incl.), price of electricity in ...

Equatorial Guinea had a population of 790,000 people in 2013 (IEA, 2016). Total electricity production in 2015 was 82 ktoe with 57.3 per cent generated from hydro and 41.4 per cent generated from fossil fuels (IEA, 2016). Electricity consumption in 2015 was 36 ktoe. Table 2 shows the main energy statistics.

Oslo-listed oil and gas company Panoro Energy has signed a Production Sharing Contract (PSC) with the Government of Equatorial Guinea for offshore Block EG-23. Panoro now holds an 80% participating interest and operatorship of Block EG-23, and is partnered by Equatorial Guinea's state-owned oil company GEPetrol, which holds the ...
