

Who supplies Palestinian electricity?

The Israel Electric Corporation (IEC) supplies most of the electricity in the Palestinian territories. PETL is the sole buyer of imported electricity for distribution in West Bank Areas A and B and in the Gaza Strip, which in turn supplies the electricity to the six Palestinian distribution companies.

How can Qudra help bridge the energy gap in Palestine?

By expanding solar access, Qudra is helping bridge this energy gap, enabling communities to thrive and industries to grow. Operating in Palestine presents unique challenges, particularly in securing financing and dealing with the political complexities that often disrupt the region's economic stability.

Can Qudra power Palestine?

By addressing critical issues like financing, engineering expertise, and access to land, Qudra is not only powering Palestine but also offering a blueprint for sustainable energy solutions in similar regions. As Hijawi aptly put it, "Palestinians urgently need electricity, but they face significant bottlenecks."
