AIMS Power inverters, inverter chargers, solar panels and other electrical system accessories can create reliable sources of backup power that residents of Papua New Guinea need for safety and peace of mind.

I landed in Port Moresby, Papua New Guinea (PNG for short), on the 1st of January 2017. Never book a new year's eve flight...seriously. It was the first move for me to a developing country. Unsurprisingly, I suffered from quite a culture shock when I arrived. I've written more about what it was like to live in PNG here.

Papua-Nowa Gwinea (ang. Papua New Guinea), Niezależne Państwo Papui-Nowej Gwinei (ang. Independent State of Papua New Guinea) - po Australii, drugie co do wielkości państwo w Oceanii, leży w Melanezji, położone w większości we wschodniej części wyspy Nowa Gwinea. Papua-Nowa Gwinea graniczy z Indonezją (820 km), a konkretniej jej trzema ...

Papua New Guinea's second highest mountain, Mount Giluwe (4,367m), is part of a volcanic massif. The original volcano on the site of Mount Giluwe formed roughly 650,000-800,000 years ago, probably as a stratovolcano of similar height to the current peak. One of the Volcanic Seven Summits of the world, the usually five-day trek passes ...
