The Powervar 3300 Series Three-Phase Uninterruptible Power Supply (UPS) delivers a powerful combination of superior efficiency and inrush capability, so oversizing your power quality solution is never an issue. Product sizes range from 10 kVA to 40 kVA; The most advanced IGBT technology; 300% overload capacity - sustains for 140 msec online

To ensure clean power, it's important to install a Powervar Power Conditioning or UPS (uninterruptible power supply) system that can provide a steady, reliable source of full conditioned power to the POS system. This ensures that your POS system is constantly protected from any power disturbances before they can affect the system.
