Curaçao taxes solar energy generation - you pay a monthly fee for owning solar panels (like a 100 NAFL). These changes also meant that instead of earning back the investment in 3 years, it was a period of 10 years. However, last year they returned the compensation for solar power generation and halved the solar energy tax.

The price for solar panels with installation can vary a lot, depending on the size of your property and yearly usage of electricity. On average, expect to be charged between R60,000 and R200,000 for total cost for a property (panels + installation). Get quotes Featured articles .
