

Projoy Electric has been widely recognized for its comprehensive product series, excellent product quality and powerful R& D capabilities in the photovoltaic solar industry. Since its establishment in 2011, the company adheres to the innovation-driven development strategy, continuously improves its technical strength to provide the best quality ...

Optimizer. PROJOY PEOP Series Optimizer is specially designed to improve the efficiency and safety of photovoltaic systems. Equipped with Projoy intelligent cloud platform system, the product can achieve real-time monitoring at the component ...

Circuit Breaker. Projoy circuit breakers include AC and DC, high and low voltage, low current and high current products, providing overload protection, short circuit protection, arc fault protection, residual current protection, overvoltage and undervoltage protection and ...

PROJOY Electric Co., Ltd (PROJOY ELECTRIC) was founded in 2011 and is headquartered in Suzhou, China. It is a pioneer manufacturer in China that focuses on providing protection, safety, and metering products, such as DC Isolation Switch, Miniature Circuit Breaker, DC Surge Protector, Rapid Shutdown, Micro Inverter, Smart Electricity Meter and other accessory ...

Projoy PEBS-S series HVDC MCB has passed the UL489 and CSA C22.2 No.5 standard tests and obtained UL certification. Mainly used in photovoltaic, energy storage and other DC systems that need to be disconnected and protected when overcurrent or short circuit occurs.

On September 3rd, the Intersolar Mexico was grandly held at the Mexico City International Convention and Exhibition Center. Projoy Electric has showcased a full range of solar and energy storage system safety protection components, demonstrating the company's technical achievements and core competitiveness as a leading manufacturer in the new energy ...

With a strong electrical R& D team, Projoy Electric Department has obtained a number of core patented technologies, has a number of electrical product lines with completely independent intellectual property rights, and has reached the ...
