

Who is S4 Energy?

S4 Energy is a company led by a team of energy storage, finance and software veterans. Our solutions have driven the creation of over 100MWh of energy storage. Learning, growing, and testing the best ideas are central to our approach to solving one of the world's most important challenges: climate change. Read more about our technology.

Why should you invest in S4 Energy?

Our innovative approach helps grid operators, utilities, and industries reduce reliance on fossil fuels and meet sustainability goals. Backed by Castleton Commodities International (CCI), a leading global energy commodities merchant and infrastructure asset investor, S4 Energy is poised for significant growth across Europe.

What does it mean to be reliable to S4 Energy?

Reliable to S4 Energy means being dependable, accountable and transparent. But also consistently delivering on promises and commitments. This ensures trust and long-term success. At S4 Energy, we make choices that are environmentally friendly, economically viable, and socially responsible.
