The M-Series enclosure provides everything needed to easily mark your larger product quick and safely. With a 360° Turntable and a 90° rotating head, parts can be marked in harder to reach spaces. This enclosure comes with a 28" Programmable travel x axis and a 18.5" Programmable travel z axis while completely driven with one software.

An enclosure located outdoors will also need to protect the equipment from the sun's radiation, and wide ranging temperature swings. With an enclosure properly sized to fit the equipment, and an enclosure cooling system designed to provide appropriate cooling, the equipment can be kept at the proper temperature regardless of the ambient ...
