Diamond Energy, located at 17A Nii Sai Road, East-Legon, Accra City, Ghana, deals in Wholesales/Retail of various types of solar inverters with brands like SMA, vitron, and EAST. They also sell solar panels from brands like Jinko Solar.

How are solar PV systems used in Ghana?

Systems have been installed in Ghana. These are being used for inter alia, lighting, water pumping, powering of computers for the teaching and learning of ICT and vaccine refrigeration across the country. Over 70,000 solar lanterns have been disseminated. Stand-alone solar PV systems are market driven in Ghana, spurred by government and donor support.

Can solar energy be used in Ghana?

Solar (CSP) and geothermal energy. A study conducted under Solar and Wind Energy Resource Assessment (SWERA) in 2002 indicated that direct solar radiation is limited to the upper western part of the country. Further studies are required to fully establish the resource potential for application. See Appendix 1F. At present, Ghana is not known

What are the best solar panels in Ghana?

Polycrystalline (or multi-crystalline) silicon cell based solar panels are now the most popular choice in Ghana's residential installs. There are also Amorphous (or thin-film) silicon cells, which use the least amount of silicon and are not very efficient. For an equivalent wattage, a crystalline panel will be smaller than an amorphous panel.
