

Where is sosolar located?

Welcome to Sosolar - Your Solar Power Experts in Johannesburg, South Africa! Proudly situated at 43 4th Avenue Cnr, Louis Botha Ave, Highlands North, Johannesburg, 2192, South Africa, we are your go-to destination for all things solar energy!

Who is sosolar?

Sosolar, nestled in the heart of Johannesburg, stands tall as a leading provider of renewable energy solutions in South Africa. With a prime location and a team of dedicated experts, they are at the forefront of the solar power revolution.

Does sosolar offer after-sales support?

Sosolar offers comprehensive after-sales support, ensuring that your solar system operates efficiently for years to come. Their friendly team is just a phone call away, ready to assist you with any maintenance or technical queries you may have. As you can imagine, Sosolar's impact extends far beyond their address in Johannesburg.

Sosolar, based in Johannesburg, offers innovative solar solutions, including solar cooking, lights, and power systems. Their durable solar cookers provide an eco-friendly, safe, and cost-effective way to cook, boil water, and bake using only sunlight. By switching to solar cooking, individuals can reduce their carbon

Features:- 5 Step Ladder Application for Home and Business use.- Widely used and easy to climb and carry, making them ideal for homes and shops.- Whether additional height is required for cleaning, smearing or simply reaching a height.- Compact, folds away for easy storage Light in weight, can take up to 100kg.- Easy t

Sosolar, based in Johannesburg, offers innovative solar solutions, including solar cooking, lights, and power systems. Their durable solar cookers provide an eco-friendly, safe, and cost-effective way to cook, boil water, and bake using only ...

Rechargeable emergency lights are lights that can be powered by batteries that can be recharged using a power outlet or solar panels. They are typically used as backup lighting in case of power outages or emergency situations. They can be used in homes, businesses, or other buildings to provide light during power outag

A solar charger is a charger that employs solar energy to supply electricity to devices or batteries. They are generally portable.. Solar chargers can charge lead acid or Ni-Cd battery banks up to 48 V and hundreds of ampere hours (up to 4000 Ah) capacity. Such type of solar charger setups generally use an intelligent charge controller. A series of solar cells are installed in a stationary ...

An inverter or power inverter, refers to an electronic device that converts direct current (DC) into alternating current (AC). In our daily life, we often convert 110V or 220V AC power into DC power for use, while the

inverter plays the opposite role. In other words, the inverter is used to convert the 12V, 24V or 48V

SOLAR CELLS- Superior power conversion efficiency- Good high temperature and low irradiance performance- 100% In-line Electrical Luminance tested- Positive tolerance for each panel- Long-term electrical stability- MonoWarning:- Electrical Hazard- This Unit Produces Dc Electricity- When Exposed to Light Cover- Glass Bef

5 ????&#0183; BE Solar has completed an "innovative" solar project at the Bermuda Red Cross Headquarters in Paget. The company said the installation of the 32-panel solar photovoltaic ...

Features:- 5 Step Ladder Application for Home and Business use.- Widely used and easy to climb and carry, making them ideal for homes and shops.- Whether additional height is required for cleaning, smearing or simply reaching a height. ...

BE Solar offers the best in solar electricity systems for Bermuda's harsh climate. We carry modular, completely interated systems that are designed to expand with your growing needs or repair and replace over time.

Specification:-Material: Aluminum-Design, LED Power: 50w,-Solar Panel: 8Watt,-Working time: 15hrs-18Hrs-Can be opened to change the battery-Charging time:6-8hrs,-Protection Grade: IP67 (even though it is an IP67 water resistant, if water does get in, can beopened to let it dry)-Some were smaller casing but brighter lig

On purchase the battery will be tested to be 95% - 100% state of health. Our Gel batteries have a 6-Months warranty provided the battery was not misused and it doesn't cover improper (standard) inverter settings or any damages during transportation.
