

GRANDVIEW, Mo. Spear Power Systems, Inc. (Spear) has provided an advanced lithium-ion battery system to Raytheon for the a counter-unmanned aerial system (CUAS) delivered to the U.S. Air Force. Unmanned. Story Autonomous engine systems for helicopters depend on standards-based controls. November 26, 2024 ...

Spear's lightweight batteries power Raytheon's counter-drone laser system for the U.S. Air Force, enhancing defense capabilities. Technologies. Batteries. Service Request. Cells. About Us ... Air Force Technology reports on Spear's latest innovation in light weight batteries that is assisting Raytheon in the first counter unmanned aerial system ...

GRANDVIEW, Mo., May 4, 2020 - Spear Power Systems, Inc., a leading innovator in lithium-ion battery systems, has joined the Maritime Cluster Norwegian Centres of Expertise Maritime CleanTech. The Norwegian commercial hub gains significant battery knowledge to assist in its mission of making marine transport greener through commercial collaboration.

Key components in each system are the scalable Modules (sMOD) and calable Battery Management System (sBMS). The sMOD provides a common building block for our systems. Versa systems can be scaled from 50 VDC to 1250 VDC and are available in both air -cooled and liquid-cooled options. PERFORMANCE o 107 Wh / kg o 235 W / kg o 90 Wh / L

Spear Power Systems is a company that provides energy storage solutions. It designs, distributes, and manufactures lithium-ion battery systems and cylindrical cells. The company caters to the aerospace, defense, industrial, and marine ...

About Spear Power Systems Founded in 2014 by experienced energy storage entrepreneurs Jeff Kostos, President & CEO, and Dr. Joon Kim, CTO, Spear designs and manufactures safe, high performance energy storage systems (ESS) for clients with some of the world's most demanding industrial and defense applications. Spear

Spear Power Systems, Inc. was founded in 2014 by experienced energy storage entrepreneurs Jeff Kostos, President & CEO, and Dr. Joon Kim, CTO. Spear designs and manufactures safe, reliable, high performance energy storage systems (ESS) for clients with some of the world's most demanding industrial and defense applications. Spear takes a cell ...

About Spear Power Systems, Inc.: Founded in 2013 by experienced energy storage entrepreneurs Jeff Kostos, President & CEO, and Dr. Joon Kim, CTO, Spear designs and manufactures safe, high performance energy storage ...

GRANDVIEW, Mo., September 23rd, 2019 - Spear Power Systems, Inc. (Spear) raised growth capital from a global syndicate of advanced energy investors to fund expansion of the battery maker's global footprint, production capacity, and ...

The acquisition of Spear Power Systems advances Sensata's electrification portfolio and strategy into new clean energy markets. "We are pleased that the talented Spear Power Systems team, including over 40 highly ...

Spear Power Systems partners with leading battery cell companies committed to delivering advanced battery cell technology for mission-critical applications. As a proud distributor of Routejade and EAS cells, we specialize in incorporating high-performance lithium-ion battery cells. These cells are optimized for a range of demanding environments ...

Find out what works well at Spear Power Systems from the people who know best. Get the inside scoop on jobs, salaries, top office locations, and CEO insights. Compare pay for popular roles and read about the team's work-life balance. Uncover why Spear Power Systems is ...

Spear Power Systems: Founded in 2014 by experienced energy storage entrepreneurs Jeff Kostos, President & CEO, and Dr. Joon Kim, CTO, Spear designs and manufactures safe, high performance energy storage systems (ESS) for clients with some of the world's most demanding industrial and defense applications. Spear takes a chemistry independent approach towards ...

Spear Power Systems Profile and History. Founded in 2013 by experienced energy storage entrepreneurs Jeff Kostos, President & CEO, and Dr. Joon Kim, CTO, Spear designs and manufactures safe, high performance energy storage systems (ESS) for clients with some of the world's most demanding marine, industrial, and defense applications.

Spear Power Systems LLC (Spear), a 100% US Small Business, was formed in 2013 and is based in Lee's Summit, MO USA. Spear is a preeminent industrial and defense battery pack business specializing in design and development (including advanced battery management systems, electronics and mechanical packaging), manufacturing and service of leading edge energy ...

Spear Power Systems is headquartered in Grandview, MO. What is the size of Spear Power Systems? Spear Power Systems has 61 total employees. What industry is Spear Power Systems in? Spear Power Systems's primary industry is Electronic Equipment and Instruments. Is Spear Power Systems a private or public company? Spear Power Systems is a ...
