Our 185W solar panel is the most powerful of the Sunshine Solar range for 12V battery charging if you are looking for faster power generation this solar module will deliver. The high wattage output combined with high efficiency monocrystalline cells make this solar panel of particular interest for motorhome uses, static caravans, mobile homes, live aboard boats where larger power ...

We had Sunshine Solar install our 10 panel system almost a year ago and we are very happy with it. Obviously especially in summer where our bill went from \$130 Dec 2021 down to \$42 in Dec 2022!! It's more even over winter but still a saving and great to be part of covering our own needs including charging a car. We appreciated the clear ...

Buy 5 or more, mix and match or all the same qualifying products for a 5% Discount at Checkout . What is a Smart Power Inverter? Bluetooth smart power inverters are devices that convert low-voltage direct current (DC) from a battery source into a standard alternating current (AC) output that can be used to power household appliances or electronic devices. These inverters are ...
