

Western Sahara declared that it will no longer carry out such exports in the future. WSRW recommends all Swedish companies currently involved in Western Sahara to immediately halt their operations unless they have first secured the consent from people of Western Sahara through their UN-recognised representation, the Polisario Front.

At its Annual General Meeting today, 24 February 2022, Siemens Energy again failed to respond key-questions about its involvement in energy infrastructure projects in occupied Western Sahara. Siemens Energy has a 67% stake in Siemens Gamesa Renewable Energy (SGRE), which is the main provider of wind turbines to Morocco"s wind farms in the ...

Solar LMLA Batteries have high acid reservoir resulting in reduced need for water top-up even in extreme environmental conditions. Low antimony alloy minimizes water loss thereby reduces the topping up frequencies.

Storage Tanks. Solar Thermal Water Heater. Whenever you are considering tanks for solar panel water heaters, it is important to note: 1-tank system: some have unique designs with an option for a backup heating system 2-tank system: water is preheated before the normal heating takes place. Today, you will find many pre-heated solar thermal heating systems in the market.

In November 2021, the governments of the world will meet in Glasgow for the COP26 climate talks. At the same time, Morocco - the occupying power of Western Sahara - is erecting its largest energy project on occupied land to date: another step forward in its comprehensive plan to build controversial infrastructure on the land it illegally holds.
