Simco A2C7S Power Supply Unit 230V Ac 0.2A Simco An Illinois Tool Works Company Power Unit Type: A2C7S Art. Nr.: 0805207000. 30 Days Money Back Guarantee. Available in stock Ready To Ship. Free Shipping On Order Above \$100. Payment 100% Secure Payment. DHL/FedEX Fast Shipping Worldwide. Details.

The N167 (120V) and N267 (230V) are Simco-Ion's most versatile power supplies. They can be used with several shockless static bar models (R50 Bar and MEB Bar). A terminal block connector inside the power supply allows for the connection of up to four static eliminators to one power supply. The units accept either shielded or unshielded cable.

This product is intended to be supplied by a Listed AC Adapter or Power Unit marked "Class 2" or "LPS" and rated output 24V from 1.6A, as provided. Negative must be ground. ... Simco-Ion's IQ Power Static Neutralizing System consists of a high voltage power supply, static neutralizing bar, and the following optional devices: control ...
