

Who is Sidus energy?

Sidus Energy, a leading battery technology innovator based in Silicon Valley, has unveiled its latest breakthrough: new Li-ion battery cells developed with revolutionary cobalt-free battery chemistry technology. November 1, 2022 - MILPITAS, CALIFORNIA - Sidus Energy, a leading battery technology company has announced today .....

What is Sidus energy neo battery technology?

The Sidus Energy NEO battery technology offers up to 250Wh/kg energy density with 5C (12 minutes to full charge) charging capabilities, while maintaining the manufacturing costs of traditional LFP cells.

Does Sidus energy have a warranty?

It comes with global regulatory compliance and is backed by an industry-leading warranty of up to 15 years. Sidus Energy, a leading battery technology innovator based in Silicon Valley, has unveiled its latest breakthrough: new Li-ion battery cells developed with revolutionary cobalt-free battery chemistry technology.

Dr. Deng is Sidus Energy's co-founder and Chief Executive Officer. Prior to Sidus, she held technical and management positions at HP, Agilent Technologies, Finisar now Coherent and Bridgelux. Dr. Deng holds a B.S. in Physics from Peking University, and a M.S. and Ph.D. in Electrical Engineering from the University of Texas at Austin, USA.

Sidus Energy is laser focused to provide global customers with superior and diversified products. Competitive Advantages Sidus innovative cobalt-free XEO batteries transcend the chemical design limitations inherent in conventional Li-ion battery cathodes, heralding a new era where abundant earth materials can be harnessed for sustainable green ...

AUGUST 8, 2023 - MILPITAS, CALIFORNIA - Sidus Energy, a leading battery technology company based in Silicon Valley, has unveiled its first of many new battery cells developed with revolutionary heavy-metal free battery chemistry technology licensed from IBM.. Dubbed the &quot;NEO&quot; cell, this breakthrough was engineered by incorporating Sidus Energy's patented active ...

The Sidus Energy NEO battery technology offers up to 250Wh/kg energy density with 5C (12 minutes to full charge) charging capabilities, while maintaining the manufacturing costs of traditional LFP ...

????(Sidus Energy)????????(IBM

OCTOBER 22, 2021 - FREMONT, CALIFORNIA - Sidus Energy, a leading battery technology company, announced that it has successfully made pouch battery samples with its NEO technology. The pouch samples are the first steps in the manufacturing development of NEO batteries. "Sidus Energy is pleased with the advancement in NEO technology development," ...
