

Does Johannesburg have solar power?

Johannesburg stands out globally for its solar energy production capabilities. The city averages over 2,500 hours of sunshine annually, with daily solar radiation levels ranging between 4.5 and 6.5kWh/m². Do you still have Eskom charges for a solar-powered home? Installing solar power doesn't completely eliminate Eskom charges.

Which lithium batteries are best for solar installations in Johannesburg?

CCSO Solar offers a diverse range of high-quality solar lithium batteries to complement solar installations in Johannesburg. Our selection includes renowned brands such as Deye, Pylontech, Shoto, and Sunsynk, each offering unique features and performance capabilities.
