The Turks & Caicos Islands Land Registry records the details of all land ownership information in the Turks & Caicos Islands, together with a Registry Map which indicates (and in certain cases defines) the boundaries of each individually owned parcel of land. The Registrar of Lands is responsible for administering the Land Registry in ...

Tourism in the Turks and Caicos Islands is an industry that generates more than 1 million tourist arrivals per year and is the country's primary revenue source. Therefore, it is extremely important to preserve our great industry and improve it even more to be excellent across all scales. This is where quality assurance plays a significant role ...

The success story of VoltStorage begins in 2016 as a Munich-based start-up. In our technology and product development, we rely on the non-critical raw materials iron and salt. With them, we are developing a battery specifically for Long Duration Energy Storage (LDES) applications as an important component for a climate-friendly energy future. ...

Bride and groom at sunset. Photo by Paradise Photography. A photo shoot on Providenciales is a fun experience to add to your list of things to do while visiting the Turks and Caicos Islands, whether you're looking for a personal photo ...

Image: VoltStorage-EIB. Germany-based flow battery company VoltStorage has been granted a venture debt loan of EUR30 million (US\$33 million) by the European Investment Bank (EIB), guaranteed by the European Commission. The EIB has granted the loan to VoltStorage for the Munich-based company to invest in R& D as well as set up a production factory.
